

DIAMOND HEART TEN INTRODUCTORY EVENT ON ZOOM

The Philosophers' Stone

Western Alchemists have long believed that there is a substance which can transform base metals into gold. They called this substance the Philosophers' Stone. It is commonly understood that this is a metaphor and that the actual process referred to is the transformation of the human soul from ignorance to enlightenment. But what is the "Philosophers' Stone"?

In this 2.5 hour online event we will identify this magical substance and explore its use and value in human life.

I invite you to come and join me in this very exciting exploration into this mythical legend that has captured the imagination of humanity for ages.

Diamond Heart® TEN has begun and is still open to new students.

We are continuing to offer Saturday morning introductory events.

You are also welcome to join us at our next 3-day or 5-day event to find out if this is the right path for you.

The **Diamond Approach®** is a powerful and effective spiritual path for self-realization and self-actualization. This path arose out of an objective need, to recognize our True Nature and to actually live that realization of True Nature in our modern society. It was introduced by Hameed Ali, (writing under the pen-name **A.H. Almaas**) and evolved over the past 50 years.

All events will take place on zoom or at a physical location when the pandemic situation permits.
