

THE DIAMOND APPROACH[®]

Diamond Approach Florida *Basic Trust*

Diamond Approach Florida, an open group, welcomes those in the South/ Southeast US to join us for this teaching weekend. There will be talks evoking our depth, as well as meditation, and personal inquiry exploration.

With the world in a state of uncertainty, what allows us to trust?

In our usual way of trusting we may trust in particular things— an individual, your mind, or a particular situation.

There is something more fundamental than regular trust. Basic Trust, the inherent trusting in the benevolence of reality, is something we are born with. But through our childhood conditioning we become disconnected from that Basic Trust and our True Nature.

When we explore and understand Basic Trust and what limits our experience of it, we can reconnect to our inherent Basic Trust and the benevolence, goodness, and love inherent in reality. With this reconnection, our inner journey and our life can be transformed.
