

THE DIAMOND APPROACH[®]

INQUIRY: ALIVE ADVENTURE **JANUARY 26-27, 2019, 10 AM-5PM** **ST. PETERSBURG, FL**

The aliveness of the Red essence is necessary for inquiry, which is the central practice of the Diamond Approach. The fierceness of the Red essence allows us to engage the essential strength and aliveness that is needed to face the challenges we sometimes encounter with Inquiry. The Red essence also gives us the strength to defend against the attacks of our superego. We can then inquiry more clearly. This, in turn, energizes our inquiry, allowing it to ignite into a bold, alive adventure.

If you live anywhere in the Southeast U.S, please join us for this meeting of the newly forming Diamond Approach Florida group. There will be evocative talks, meditation, personal inquiry exploration, and an opportunity to work individually with one of the teachers while in the supportive presence of the other group members.

The Diamond Approach to self-realization is a contemporary spiritual path integrating the teaching practices of the ancient wisdom traditions with modern depth psychology. Developed by Hameed Ali, it is an ever-evolving teaching that emphasizes the realization and living of our True Nature "in the world."
