

## INQUIRY: COMPASSIONATE JOURNEY HOME

OCT 6, 2018, 10A.M.-5:00P.M.-TAMPA, FL

"[T]he quality of Compassion or Loving-Kindness... is necessary for inquiry." - A.H. Almaas, *Spacecruiser Inquiry*

Inquiry, the central practice of the Diamond Approach®, offers a doorway to our true home. Essence, the presence of our Being, manifests in different qualities called essential aspects that are necessary for inquiry. The attuned Loving-Kindness of the Green aspect allows our inquiry to address exactly where our heart is. This exquisite sensitivity invites us to open to our depth. We can more fully embrace this depth, when the precise understanding that is the hallmark of inquiry is infused with the Green aspect's warm Compassion. Then, our inquiry can gently guide us home.

If you live anywhere in the Southeast U.S., please join us for this meeting of the forming Diamond Approach Florida group. There will be evocative talks, meditation, personal inquiry exploration, and an opportunity to work individually with one of the teachers, while in the supportive presence of other group members.

The Diamond Approach® to self-realization is a contemporary spiritual path integrating the teachings and practices of the ancient wisdom traditions with modern depth psychology. Developed by A. H. Almaas, it is an ever-evolving teaching that emphasizes the realization and living of our True Nature "in the world."
