

All Diamond Approach students, group and private-only, are invited to join in this new venture with me. The sole focus of the group will be to support and deepen our practice of meditation, sensing, and inquiry. Developing embodiment and Presence is crucial to integrating and living our realization and is a primary fruit of our foundational practices. Breath work and movement will support our practice.

We are beginning with a series of four in-person meetings, 1 pm – 3 pm, in the West End of Vancouver, British Columbia on the following Sundays:

May 21, June 18, July 23, August 27.

The group is not a replacement for a DA teaching group. Instruction, questions and personal process will be solely focussed on practice. I will be working with Sandra Maitri in planning and reviewing each meeting.

Fee is a sliding scale of \$20 -\$30 per meeting.

If you would like to attend any or all meetings, please email me at [nkee@telus.net](mailto:nkee@telus.net) .

I am grateful for all the support I have received to begin this journey and look forward to all it may bring.

With appreciation,

Naya Kee
