

THE DIAMOND APPROACH®

A Teaching

Goodness Within Discord

In this video clip, A. H. Almaas addresses the present world situation from the perspective of how goodness appears within discord. He discusses how nondual perfection is relevant to discord and our present difficulties, as well as how selfless goodness relates to this reality.

Meet the Teachers

Elsa Teeuwen

How did you find the Diamond Approach?

I happened to watch a video in 1993 where Hameed Ali (Diamond Approach founder) was doing a demonstration of inquiry. Back then the only method I knew to explore one's experience in a way that came close to inquiry was Eugene Gendlin's technique of Focusing. I was trying to learn this technique by myself with no other guidance than Gendlin's book, so it was thrilling and very inspirational to see Hameed do an inquiry. I got the full transmission of his unstoppable curiosity and the precise way Diamond Guidance was working, just by seeing this short demo. Half a year or so later a friend showed me a book by Almaas and I remember thinking when I started reading this book by Almaas that it reminded me of something that had touched me in watching the video of Hameed Ali. Then I found out that both were one and the same person. I joined the first European Diamond Approach group in 1994 and met Hameed in 1995 during his first visit to our European group. Coming Soon

"Awakening to the Secrets of Existence: The Innermost Teachings of the Diamond Approach" - a 6-week online course with A. H. Almaas (Hameed Ali) based on his book, *Alchemy of Freedom: The Philosophers' Stone and the Secrets of Existence*, co-presented with Shambhala Publications - to be released September 12, 2017.

Soul Without Shame

In this **new 6-week online course starting in October**, Diamond Approach teacher Byron Brown draws from his book *Soul Without Shame: A Guide to Liberating Yourself from the Judge Within* to help us begin to directly address our inner judge using principles of the Diamond Approach.

Through embodied awareness and open-ended inquiry,

we will learn to recognize and confront the assumptions and principles that keep self-judgment in place.

We will cultivate aspects of our true nature that can act as antidotes to self-judgment: awareness, compassion, and strength. Most important, we will practice disengaging from the judgment process through understanding and deliberate action.

The 6-week course costs \$289. [Click here to learn more and to register>>](#)
