

® The Diamond Approach® Inquiry: Compassionate Journey Home

Saturday September 29, 2018 – 10:00 a.m. - 5:00 p.m. – Denver, CO

“[T]he quality of Compassion or Loving-Kindness... is necessary for inquiry.” - A.H. Almaas, *Spacecruiser Inquiry*

Inquiry, the central practice of the Diamond Approach, offers a doorway to our true home. The loving-kindness and attunement of the Green aspect allows our inquiry to address exactly where our heart is. This sensitivity invites us to open to our depth. The Green aspect’s warmth and Compassion can be inseparable from the precise understanding that is the hallmark of inquiry. In this way, our open-ended inquiry can gently guide us home.

In this experiential class, we will learn and explore inquiry in relation to the Green aspect. There will be evocative talks, meditation, personal inquiry exploration, and an opportunity to work individually with the teacher, while in the supportive presence of other group members.

Ilene Buchalter has been a **Diamond Approach** teacher since 2002. She has been a member of the **Ridhwan School**, home of the **Diamond Approach**, for over 37 years. She works with individuals and groups in Colorado and Florida.

The **Diamond Approach**® to self-realization is a contemporary spiritual path integrating the teachings and practices of the ancient wisdom traditions with modern depth psychology. Developed by A. H Almaas, it is an ever-evolving teaching that emphasizes the realization and living of our True Nature “in the world”.
