

® The Diamond Approach® NEW Inquiry group webinar

Saturdays: August 18, 25, Sept 15, 22, Oct 13, 20, 2018—10am-11-30am Mountain Daylight

"Inquiry is in some sense an invitation for our Being to transform our experience, to change our lives." - A.H. Almaas, Spacecruiser Inquiry

Our exciting, live inquiry group online is flourishing! Please join us as we meet for an additional 6 weeks via Zoom videoconferencing. Returning and new members are very welcome to attend! Inquiry, the central practice of the Diamond Approach, offers a powerful, dynamic doorway to becoming more intimate with our own personal experience in the moment. It is a unique method of self-understanding. We will meet as a group and you will have the opportunity to work individually with the teacher in the supportive online presence of the other group members.

We will also explore and learn meditation, sensing practice, and teachings supportive to understanding the Diamond Approach.

The group format is useful to compliment and deepen your personal work.

Ilene Buchalter has been a Diamond Approach teacher since 2002. She has been a member of the Ridhwan School, home of the Diamond Approach, since 1980. She teaches groups and individuals in Colorado and Florida, and nationwide online.

The **Diamond Approach®** to self-realization is a contemporary spiritual path integrating the teachings and practices of the ancient wisdom traditions with modern depth psychology. Developed by Hameed Ali, it is an ever-evolving teaching that emphasizes the realization and living of our True Nature "in the world".
