

THE ESSENTIAL QUALITY OF WILL

THE WHITE LATIFA

"One way true will manifests is a sense of confidence that you can stay with your experience... that staying with what is there is the right thing. It is a trust in oneself ...Everything is right here with us, we just need to let it be. And if we don't understand this perspective we need to explore why, why we are not allowing our organism to function" A.H. Almaas

The Hawaii Diamond Approach invites you to join us in an exploration of the essential quality of Will.

By inquiring into why we are fantasizing away from the "Now", why we have difficulties staying steadfast, why we are lacking real support and grounding, we are opening to our essential quality of Will.

The weekend will include presentations, meditation practices, and an opportunity to explore and integrate the material through your own process.

The Diamond Approach is a path of wisdom, an approach to the investigation of Reality and work on oneself that leads to human maturity and liberation.
