

# The Obstacle is the Way

## *A Diamond Approach® Webinar*

In life in general, when we encounter obstacles, we try to get around them, surmount them, overcome them one way or another. Much of the time, however, the best strategy is to go through the obstacle.

In this free webinar we will explore why this is so, how it works and how we use this method in the Diamond Approach to create a powerful methodology for spiritual development and realization.

*A Free Webinar by Andreas Mouskos, Diamond Approach teacher who teaches in Boston, Colorado and Australia.*

*Next webinar will be on spirituality and social action. Date to be announced.*

**May 13, 2017 10:00am - 12:30pm EST**
